

The Federal Communications Commission

Dear The Federal Communications Commission,

What are you thinking? I'm already paying a ridiculous amount of fees and taxes on my telephone service. It's almost as much as the line fee itself! NO MORE TAXES -- NO MORE TAXES -- NO MORE TAXES.

Reject the flat fee proposal that would change how contributions are made to the Universal Service Fund. Under the flat fee plan, people like me who make only a few long distance calls would pay the same as people or businesses that make many calls. Have you forgotten? That's called socialism.

Nothing else in America works this way. I set my thermostat lower in the winter and higher in the summer to lower my energy bill. I plan my trips to use less gas in my car. But when it comes to my telephone, am I going to have to subsidize others who use more? That doesn't make sense and it's not fair!

I use my wireless phone for safety, security and convenience. If others want to use more, let them pay their fair share. REJECT the proposal to make the USF collection system a flat-fee.

Sincerely, Stephanie J. McDowell 812 Watt Drive Tallahassee, FL 32303

Sincerely,

Stephanie McDowell
